

Job offer: Production employee for X-ray tubes (m/f/d)

Electrical engineering, mechatronics, precision mechanics

X-RAY WorX GmbH is one of the world's leading producers of high-resolution microfocus X-ray tubes for materials testing in industry and research with company headquarters in Garbsen near Hanover.

We develop and produce microfocus X-ray tubes and offer services that help our customers to operate their X-ray systems efficiently, reliably and safely and to meet quality requirements and standards.

Your tasks:

- Assembly, installation and quality assurance of X-ray tubes
- Assembly, wiring and connection of modules
- Commissioning of systems
- Carrying out functional and system tests
- Repair and rework

Your qualifications:

- Training in the field of mechatronics, electrical engineering, precision mechanics or comparable.
- Practical skills in the areas of electrics / electronics
- Experience in mechanics and assembly
- You are a team player and show initiative
- You work independently, cleanly and carefully
- General PC knowledge

We offer you a varied and responsible job in a successful, innovative technology company. With us you have good prospects for the future.

- 30 days vacation
- Flexible working hours
- Flat hierarchies
- Unlimited employment contract
- Attractive bonus compensation

Are you interested? Then send your application to: jobs@x-ray-worx.com. We are looking forward to meeting you! **Your contact for questions:** Sandra Lehrbaß, T: +49 5131 48712-67.
